

## **Maths**

Go on another mini beast hunt. Can you add the total of minibeasts you spot altogether? E.g. 5 caterpillars + 11 ants.

Counting as you exercise – can you count how many jumps/ star jumps/ skips you can do in 30 seconds etc. Can you count in steps of 2, 3, 5 and 10s as you jump/ dance?

Can you solve the bug word problems? (seen on sheet attached)
